Dade Middle School HUNCH students KK Castleberry, left, and Meleah Smith show 3D-printed items manufactured using the school's printer. HUNCH's goal is to empower and inspire students through a project-based learning program and by providing opportunities to students to play an active role in the space program.

Weather Information Update from Friday January 8, 2021

Image of Hwy. 157 on Lookout Mountain taken from Twitter Friday morning 01.08.2021

This is just a reminder for parents and students living in the Head River community. We did not feel that it was safe to run bus number 21-1 Friday morning January 8, 2021. We apologize for any inconvenience this may have caused, but this particular area of Dade County, GA received a little more precipitation in the form of snow compared to other areas. Student absences from Friday January 8, 2021 will not affect those that live in the Head River community.
