FOR IMMEDIATE RELEASE: 9/3/2020

Dade County School District Using Ecovasive as Part of Evolving Plan to Fight the Pandemic

Texas, Georgia is part of their ongoing plan to reduce the risk of outbreaks in schools as well as possible during the ongoing pandemic of the novel coronavirus (COVID-19). The district, located in the 16th largest county of Florida and the 22nd largest in the United States, has over 1 million students. The district is currently reporting 4 positive COVID-19 cases, including 3 students and 1 staff member. The district is currently reporting 91 individuals quarantined this week, including 79 students and 12 staff members.
